Laminate

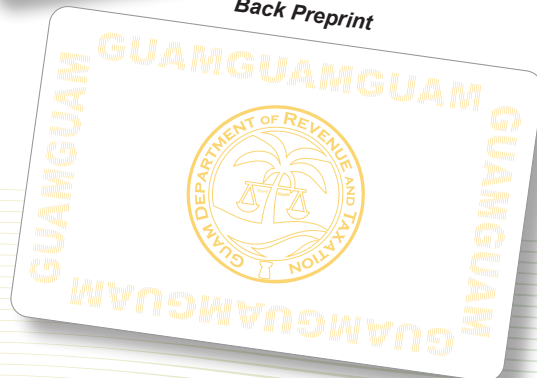

Guam DMV Driver Licensing Program has implemented a design change in the driver licenses and the non-driver identification cards. The new driver license has some of the features of the previous card including:

- Blue header for driver licenses.
- Green header for identification cards.
- Driver license and identification cards include an indicator in the header area, (Map of Guam - Blue for DL, Green for ID).
- The under 21 licenses include a red banner showing the date the applicant turns 21. The words "UNDER 21 UNTIL" are printed on the left side of the portrait.

Front Preprint

Back Preprint

Guam DMV is issuing newly-designed driver licenses and ID cards to better protect residents from identity theft. The cards will have a different look and will contain state-of-the-art security features that go further to prevent fraud and identity theft, a key mission of the Department of Licensing.

PREVIOUSLY ISSUED LICENSES AND ID CARDS

All previously issued Guam licenses and ID's will remain valid until the expiration date, when they will be exchanged for a newly-designed license or ID. If your current Guam ID or DL is not due for renewal and you want the newly-designed card, it is available to a fee as a replacement. You will have to relinquish your current card for the newly-designed card.

FOR A REAL ID OR NON-REAL ID DRIVER'S LICENSE OR GUAM ID ONLINE APPOINTMENT
